RE: *Stewart A. Webb V. Hon. Judge Kathryn H. Vratil, et al*, Case No: 09-2603

Dear Hon, Magistrate Judge Waxse,

Please see the attached Motion for Summary Judgment and Memorandum in support with evidentiary exhibits available on line at:

I am completing my registration for filing electronically and wanted to ensure you had a chamber's copy in the event there is a delay in my obtaining an ECM/EF log in and password.

The action in equity for prospective injunctive relief from the United States District Court's participation in violations of the Civil Rights Laws by State of Kansas officials has not yet been served on the Attorney General by the U.S. Marshall Service.

Yours faithfully,

S/ Stewart A. Webb
